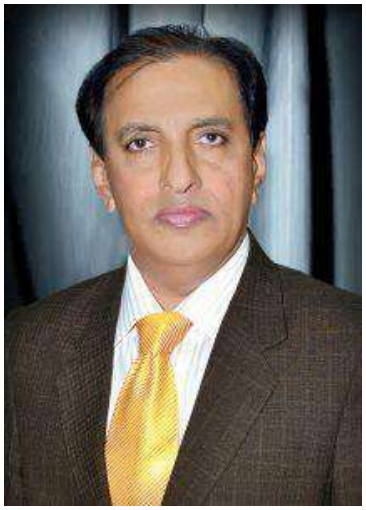
VICE CHANCELLOR'S MESSAGE



"A University stands for humanism, for tolerance, for reason, for the adventure of ideas and for the search of truth It stands for the onward march of the human race towards ever higher objectives. If the Universities discharge their duties adequately, then it is well with the Nation and the People". The University of Sindh is one of the country's oldest institutes of higher learning and also an internationally recognized, research-led comprehensive university. While recognizing the strength of its heritage and traditions, Sindh University also engages in frontier research and academic endeavors that reflect and address the needs of the fast changing knowledge-based world. Teaching at Sindh University is closely integrated with research.

University of Sindh is proud to have 190 PhD faculty and it takes equal pride in the fact that it has until now, produced 180 PhD and 1560 M.Phil. Scholars. In addition, 587 PhD and 2891 M.Phil. students are currently registered with the university.

The mission of the University of Sindh is to develop human resources by imparting quality education in all fields of science, arts and technology. It strives to develop a body of teachers and taught who would be aware and proud of their culture. It endeavors to prepare teachers and students who possess a high sense of honor and integrity and work with selfless dedication, commitment and responsibility towards society to contribute to the prosperity of people and peace and harmony in the country.

We aim to be the place of higher learning for talented men and women in Pakistan who would serve community, nation and society. The University's transformative education and high impact research are aimed at making a distinctive and positive impact on society. I hope you will be inspired by the many fascinating facets that make University of Sindh a leading Pakistani, Asian and global University centered in Sindh, and a community that will influence the future. Together, we can stride confidently into the future, with University of Sindh making ever-greater contributions in education, research, leadership and public engagement, locally and globally.

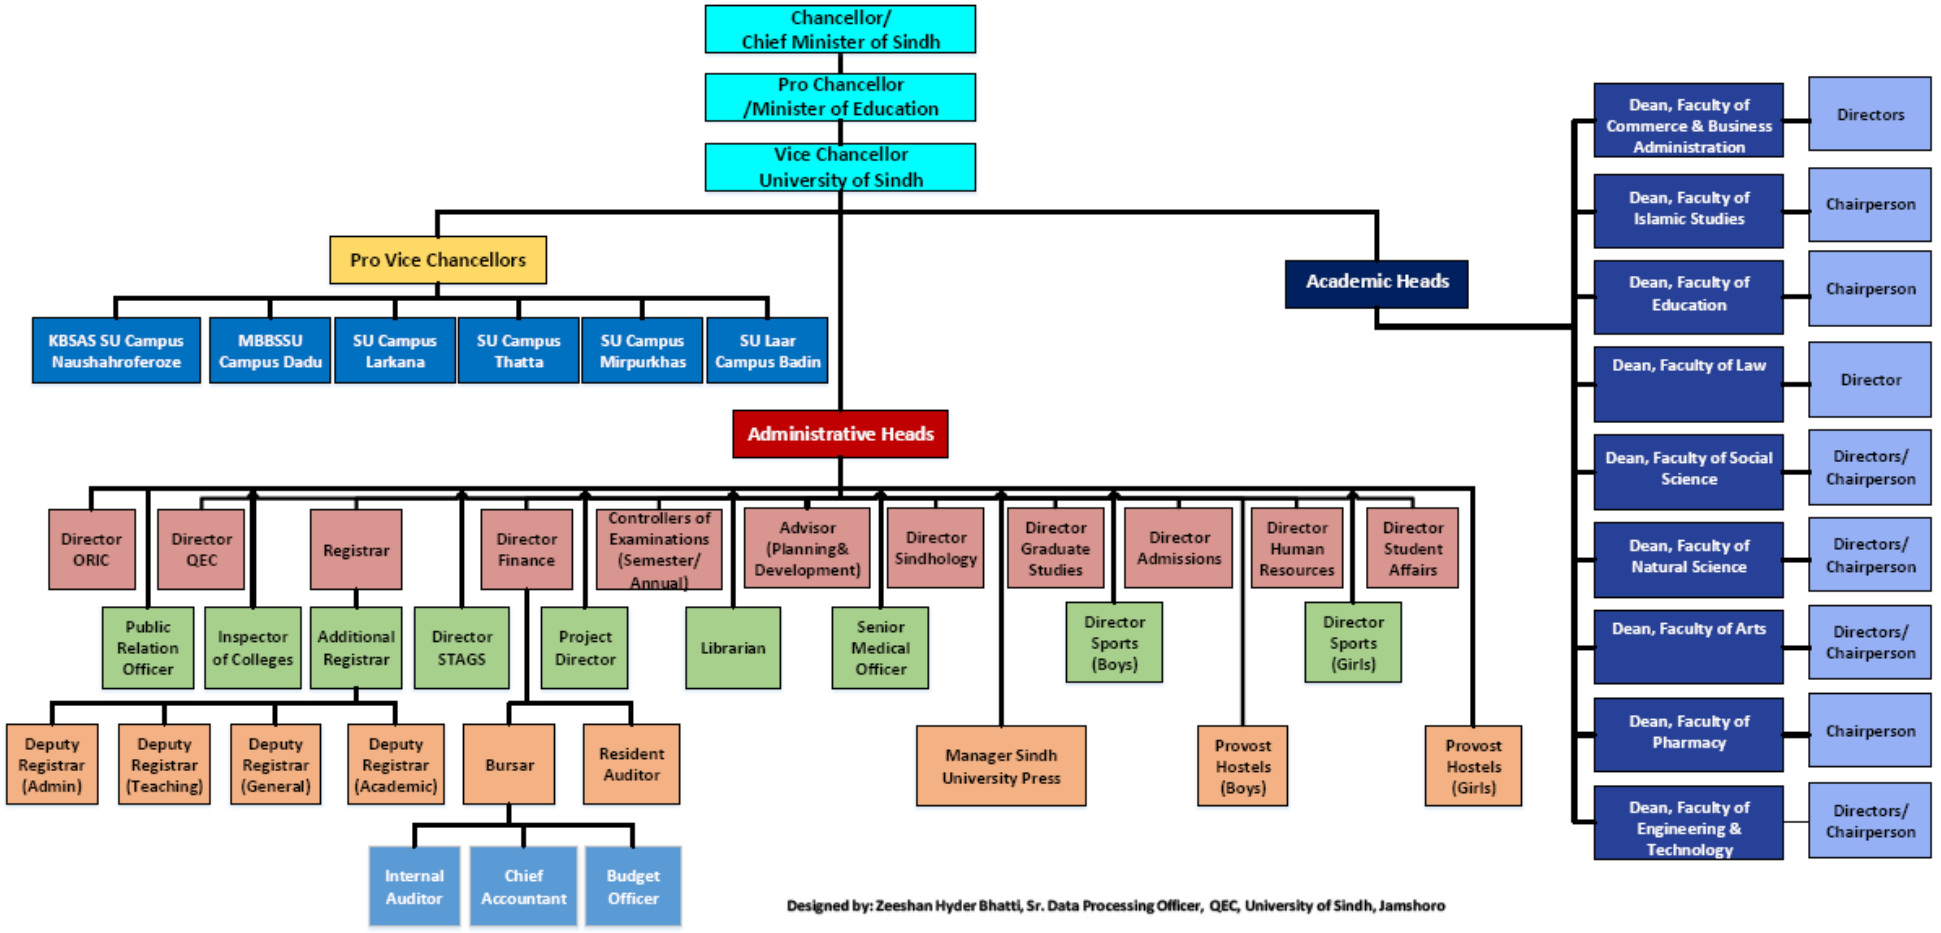
UNIVERSITY ORGANOGRAM



ABOUT THE UNIVERSITY

The University of Sindh, the second oldest University of the country, was constituted under the University of Sindh Act. No. XVII of 1947 passed by the then Legislative Assembly of Sindh. The Act was subsequently revised and modified in 1961 and later. The Act of 1972 under which the University is presently functioning provided for greater autonomy and representation of teachers. From 1947 to 1951, the University functioned solely as an examining body. However, after its relocation in Hyderabad in 1951, it started functioning as a teaching university in pursuit of fulfillment of its charter and mission to disseminate knowledge. The largest University residential campus in the country, situated about 17 km from Hyderabad on the right bank of Indus River, was a rather desolate hilly track until 1955 when it was selected for the establishment of Sindh University Campus. The site was selected to be a University township away from the humdrum of Hyderabad city, which lacked room to meet the ambitious expansion program of the University. Interestingly, Jamshoro is virtually the gateway to the Indus Valley, now world famous for its civilization and rich cultural heritage. The Ranikot Fort is located approximately 70 kms to the north of the campus, in the northward continuation of the same hilly track, which become Laki Ranges, merging with the Khirthar northwards. Amri, an important archeological site, lies about 15 KMs, further north. Sehwan, a well-known township lies 25 km. to the north of Amri. Mancher Lake the largest freshwater lake in the region is situated to the north west of Sehwan. Travelling about 150 km. north through the Indus plains brings one to the site of Moen-jo-Daro, the most important archeological discovery of the Valley. The first teaching department, namely, Department of Education, raised to the status of Faculty later, was started in view of the great dearth of trained teachers in the country. The departments of basic Science disciplines as well as other departments on humanities side were gradually added by mid-fifties. The development of the present campus, designated as Allama I.I. Kazi Campus, at Jamshoro, about 17 kilometers from Hyderabad started in late fifties. There are 58 teaching & research institutes/centers/departments functioning under various academic Faculties. Laar

Campus at Badin, Mirpurkhas Campus, Dadu Campus, Thatta Campus, Larkana Campus, Naushahroferoz Campus, have been added under the umbrella of University of Sindh. The development programs initiated in 1959 have gradually though slowly borne fruit. Though still in progress, over the years about 24 teaching blocks, Arts Faculty Building, and Elsa Kazi Campus housing 58 institutes, departments and centers. Sixteen halls of student's residence provide accommodation in 10 hostels to about 2500 boys and 1500 girls are accommodated in five hostels for girls. A separate hostel has been recently completed for Postgraduate Girls students. A beautiful pavilion-the Hyder Bux Jatoi Pavilion has been constructed to provide indoor games facility, track for athletics and sports grounds. Fatima Jinnah Gymnasium provides games and sports facility exclusively to girls. The Institute of Sindhology building, depicting the cultural heritage of Sindh, adores the entrance to the campus from the Indus Highway. The imposing central library building, named after Late Allama I. I. Kazi, the first Vice-chancellor of the University at Hyderabad, who conceptualized his campus, serves as a landmark even from a distance. The campus itself has been named as Allama I.I. Kazi Campus as a tribute to the great scholar and visionary. The residential colony for the faculty and staff of the University provides on- campus residence to about one third of the total employees. The tree lined roads and greenery developed at the campus has completely transformed the Campus. The location of Sindh University sharing area with the Mehran University of Engineering and Technology and Liaquat University of Medicine and Health Sciences/ complex in the neighborhood, has gone a long way in this transformation to a University township. The University provides easy accessibility and facilitates in organizing National-International Conferences, Symposia and Seminars on variety of themes related to all disciplines offered by the university. Intervarsity sports competitions and annual sports meets have become regular features. Our graduates perform above par in those competitions and win prizes proving their potential and interest. The museum and various art galleries of the Institute of Sindhology attract a large number of visitors. Shaheed Muhtrama Benazir Bhutto Convention Centre a major aid in carrying out applied and academic research in future.

VISION, MISSION, GOALS & QUALITY POLICY

VISION

LAS ADR Change Makers' program aims to provide on-job training to fresh graduates (including interns & trainee officers) who work with LAS. These Change Makers will be appointed with LAS field staff to build the capacity of ADR Paralegals and will assist them on several matters while helping the #community to connect with the correct #legal forums.

Following the same Legal Aid Society signed an MoU with Hamdard University and the University of Sindh on June 21, 2022. Through this partnership LAS aims to enhance the capacities of law students & faculty members for these respective universities, and hence prepare the future generation of lawyers to be the ambassadors of Alternative Dispute Resolution (ADR) mechanisms. This will also enhance the legal knowledge, skills, and confidence of #law students while settling disputes, and striving for the implementation of the rule of law in #Pakistan. The occasion was graced with the presence of Justice Arif Hussain Khilji (Chief Legal Advisor, LAS), Justice (F) Prof. Dr. Qammaruddin Bohra (Dean, Faculty of Law, Hamdard University), and Mr. Ali Raza (Assistant Professor, Faculty of Law, University of Sindh, Elsa Kazi Campus, Hyderabad).

Ongoing Funded Research Projects

1. Research project on "Development of Sustainable and Scalable Antiviral Fabric coatings" is accepted by Sindh Higher Education Commission. The total cost of project is Rs. 3.58 million. P.I. Prof. Dr. Najma Memon (2021-2023).
2. Research project on "Coloration of polyester fabric at room temperature using advanced structure color technique: A practical approach towards green environment and energy saving" is accepted under Local Challenge Fund/Higher Education Development in Pakistan (LCF-HEDP) through HEC Pakistan. The total cost of project is Rs. 20.043 million. P.I. Dr. Ayaz Memon (2021-2023).
3. Research project on "Development and Upscaling of Combined Adsorption Distillation Technique for Saline-Water Treatment and Fresh Water Production on Industrial-Scale (CAD-WATER)" is accepted under TTFG-Higher Education Commission of Pakistan by HEC Pakistan. The total cost of the project is 13.5 million. P.I. Tanveer Hussain, Co P.
4. Research project on "Synthesis and applications of calixarene based nanofibers" accepted Under NRPU, Higher Education Commission. The total cost of the project is Rs. 4.97 millions.PI Prof. Dr. Shahabuddin Memon, Co-PI Dr. Huma Ishaque (2019-2022).
5. Research project on "Synthesis of graphene based polymeric nanocomposite and their applications as sensing materials" accepted Under NRPU, Higher Education Commission. The total cost of the project is Rs. 3.65 millions.PI Dr. Huma Ishaque, Co-PI Prof. Dr. Sirajuddin (2019-2022).

Research Grants Applied

1. Research Project on "Development of Membrane based Oxygen and Nitrogen Generator/Concentrator" was submitted to National Technology Innovation Fund & Pakistan Science Foundation by Dr. Huma Muddasar. The total cost of the project was 1.4 million.
2. Research Project on "Development of low-cost analytical sensors to assess the quality of air and surface water and fabrication of filter membranes for the environmental remediation." was submitted to HEC under COE grants by Prof. Dr. Tufail Hussain Sherazi and Dr. Huma Muddasar. The total cost of the project was 8.4 million.
3. Research Project on "Impact of chemotherapy and radiotherapy on the level of essential and toxic elements of biological samples of different types of cancer patients" was submitted to HEC under COE grants by Prof. Dr. Tufail Hussain Sherazi and Dr. Hassan Imran Afridi. The total cost of the project was 8.1 million.
