

PSC-SU LAUNCHES CCTV SECURITY CAMERA
AND BIOMETRIC ATTENDANCE SYSTEMS ON 7TH AUGUST 2018

Jamshoro: Ultra modern innovations in technology domain not only incredibly facilitate smart disposal of business but also help enhance service standards. Youth should capitalize on technology resource by opting online home-based trade opportunities, seeking global contact network and by widening ones' market ambit through social media tools.

The above remarks were made by VC-SU Prof.Dr.Fateh Muhammad Burfat at the eve of inauguration of CCTV camera security and biometric attendance systems at Pakistan Study Centre of the varsity.

On the occasion, PSC Director Professor Dr Shuja Ahmed Mahesar apprised the Vice Chancellor of academic, research, staff, infrastructural and professional profile of the Centre.

During his presence at the Centre, Vice Chancellor Dr Burfat engaged in informal conversation with a large number of students who were there for their academic session.

Dr Burfat put students a number of interesting subject-related questions and also shared with them many intriguing incidents from his own student and professional life, stressing mutual respect, positive attitude, constructive approach, esteem for elders and the necessity of hard honest labor.

This students exhibited keen passionate interest in the Vice Chancellor's narratives; saying the varsity had gone way ahead in all aspects after Dr Burfat had assumed its captaincy.
