

**Department of Electronic Engineering  
Faculty of Engineering and Technology**

**Rubric for Progressive Seminar Examination (Final Year Project (FYP))**

**PROJECT TITLE:**

| Sr. No. | Student Name | Roll No. | Obtained Marks (for respective Criteria) |         |          |        | Total Marks (out of 50) |
|---------|--------------|----------|------------------------------------------|---------|----------|--------|-------------------------|
|         |              |          | I (15)                                   | II (15) | III (16) | IV (4) |                         |
| 01      |              |          |                                          |         |          |        |                         |
| 02      |              |          |                                          |         |          |        |                         |

| Sr. No. | Criteria                                             | Evaluation Scale                                                                                                                                                |                                                                                                                            |                                                                                                              |                                                   | Marks |
|---------|------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------|---------------------------------------------------|-------|
|         |                                                      | Excellent                                                                                                                                                       | Good                                                                                                                       | Just Acceptable                                                                                              | Unacceptable                                      |       |
| I       | Marks Range                                          | 11.26-15                                                                                                                                                        | 7.6-11.25                                                                                                                  | 3.76-7.5                                                                                                     | 0-3.75                                            | 15    |
|         | Literature review and research gap<br>[CLO 2, PLO 2] | Inclusive and precise literature review conducted and summarized, includes current work and has relevance with topic                                            | limited and imprecise literature review conducted, lacks current work and has little relevance with topic                  | literature survey is poorly conducted and summarized, no current work and relevance with topic is considered | Literature review is not carried out              |       |
| II      | Marks Range                                          | 11.26-15                                                                                                                                                        | 7.6-11.25                                                                                                                  | 3.76-7.5                                                                                                     | 0-3.75                                            | 15    |
|         | Proposed Methodology<br>[CLO 3, PLO 4 & 5]           | Adopted research method along with solution and procedure is clearly defined; consideration and evaluation of various alternatives are also taken into account. | Unclear about research method adopted for solution and procedure consideration and evaluation of alternatives are minimum. | Very generic procedure used for solution with weak research method.                                          | Disorganized methodology with undefined procedure |       |

|            |                                                           |                                                                                                                                                                                                    |                                                                                                                                                                                                    |                                                                                                                                                                                             |                                                             |    |
